

TEXPROCIL, The Cotton Textiles Export Council of India, the international face of Indian Cotton Textiles facilitating exports and **Textination**, GmbH, Germany, an international vertical platform for the entire textile business have signed a Memorandum of Understanding (MOU) for the mutual benefit of Indian and European companies in the field of textile and clothing manufacturing, merchandising and retail business.

The target is to develop opportunities and to accompany all efforts in gaining market access vice versa. Further to facilitating the global reach for the discerning Indian seller, the main concern is to support a comprehensive dissemination of information, to open new communication channels, and the possibilities of e-Commerce.

The Textination portal offers services under categories like Suppliers A-Z enlisting (with economic data access), Market Place Access (with option for publishing on-line product catalogue), On-line Company Data administration, Tender Documents access, etc. amongst many other such progressive services intended to bring within reach the diverse global market opportunities.

Texprocil's strategic partnership aims to offer a special pricing benefit to its members as per mentioned herein -
